

CITROËN SPACETOURER

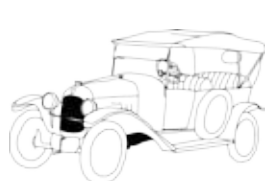

1934

CITROËN revolutionises the automotive landscape with the Traction Avant. The famous name relates to its ground breaking front wheel drive engineering.

During the 90s Le Tone had a major hit, "Joli Dragon", and devoted himself to music for 15 years before progressively moving towards illustrative art. Since 2011 his creations have been exhibited in famous places such as the Pompidou centre. An admirer of artists who know how to make the best use of colour, Le Tone confesses to having a weakness for black and white, which he uses to tell simple stories by using felt pen drawings in notebooks.

1919

The pioneering CITROËN Type A enters mass-production.

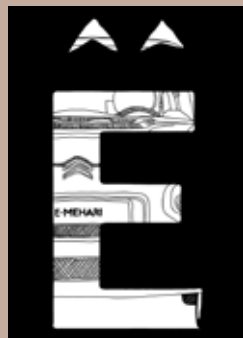

1939

CITROËN launches the 'TUB', a supremely practical modern design with a sliding side door: its successor is the famous type H.

1948

The much-loved 2CV is created as a "safe and economical vehicle, able to carry 4 people on-board and 50 kg of luggage". More than 5 million are made.

2014

CITROËN C4 CACTUS is launched, incorporating the innovative AIRBUMP® protection system.

1968

It's a golden age for light and agile vehicles like the Ami 6, Dyane and Mehari, a unique design for all roads and multi-purpose use.

1974

The 70s and 80s see CITROËN technology triumph, with models such as the AX, BX, CX and advanced XM, a prestigious vehicle equipped with Hydractive suspension.

2015

Winners of the manufacturer's Rally Raid World Cup from 1993 to 1997; Rally Raid World Cup Drivers Champion four times in a row; eight manufacturer's Champion titles in WRC plus two in WTCC ... CITROËN continues to demonstrate its exceptional motorsport pedigree, year after year.

3rd DIMENSION

With its new modular platform, CITROËN SPACETOURER offers you a choice of 3 lengths. The tried and tested M [4.94m] and XL [5.3 m] are now joined by the compact XS with a length of just 4.6 m – it's a first in the segment.

XL versions available in early 2017.

CITROËN SPACETOURER. Also available in M and XL on BUSINESS models.

.....> 4.60 M <.....> 4.95 M <.....> 5.30 M <

CITROËN SPACETOURER

Built on a brand new platform, CITROËN SPACETOURER is designed to accommodate family and business life with ease. A model of versatility, elements such as sliding and removable seats create accessible, flexible space for people and gear – wherever you need to travel. Available in three lengths, CITROËN SPACETOURER can seat up to 9* in relaxed comfort.

**Only available on Business version*

For everyday trips or epic journeys, CITROËN SPACETOURER brings you peace of mind through technology. Grip Control is an advanced traction control system that balances and optimises grip between the front wheels for secure progress on all surfaces. Add high levels of acoustic insulation and naturally refined poise on every kind of road and you have a recipe for relaxed travel.

'HANDS-FREE' SLIDING SIDE DOORS*

A busy life often means no hands to spare, so 'Hands-Free' technology is here to help. You can open the sliding side doors simply by moving your foot under the corner of the rear bumper, and close and lock the vehicle in the same way. It's practical, ingenious and unique: pure and simple CITROËN thinking.

* 'Hands-Free' technology will also be available on CITROËN SPACETOURER BUSINESS soon.

NATURALLY BRIGHTER

CITROËN SPACETOURER is full of bright ideas. Here's one you'll appreciate every day. The two part panoramic roof lets in the absolute maximum amount of natural light, whilst offering UV protection and separate sunblinds when you want to fine-tune the interior ambience. Running down the centre of the roof, between the glass panes is an aircraft style panel complete with air conditioning controls and vents. There's also subtle LED lighting at night to create a restful, welcoming atmosphere.

GREAT LENGTHS

In keeping with its versatile character, CITROËN SPACETOURER is available in 3 lengths*. M and XL are both well proven sizes, and now there's the XS which is just 4.6 m. Easily able to accommodate up to 8 people, with plenty of flexible storage space, it's a first-in-segment model with some useful advantages. Compact dimensions and a tight turning circle mean that it's easier to manoeuvre through the city and makes the most of restricted spaces.

Leather not available in the UK.
*XL versions available early 2017

— ULTIMATE FLEXIBILITY

For everyone and everything to go safely, securely and in comfort, you need intelligent flexible design. CITROËN SPACETOURER is all about meeting your diverse needs. Both 2nd and 3rd row '2 + 1' bench seats* slide for maximum legroom and all are separately foldable. This includes the front passenger seat to fit very long loads. If you need a pure load carrier, all back seats are removable, leaving a flat, uninterrupted floor and large amounts of space. There's 397 l on XS models, and an impressive 554 l inside the XL^.

When you want to maximise passenger comfort, there's a 7-seat version that provides two independent sliding seats in the 2nd row. There are also side window blinds and aircraft style tables with cup holders to enhance the feeling of comfort. Storage space is also generous, with a spacious refrigerated glove box and up to 7 easily accessible different plug points, for auxiliary jack, USB, and 12V. Recharging your portable devices on the move has never been easier.

* 3rd row available as an option
^XL version available early 2017

— OPENING TAILGATE

Because CITROËN SPACETOURER is designed for life's diverse demands, it's packed with intelligent features. The opening tailgate window means that you can quickly access the load space without opening the whole tailgate.

This feature is also available on CITROËN SPACETOURER BUSINESS.

CITROËN SPACETOURER BUSINESS

CITROËN SPACETOURER BUSINESS conveys a strong sense of professionalism and will accommodate you and your passengers in serious comfort. You can select an exact configuration that suits your needs, with a choice of seating and equipment, plus there are three different lengths to consider. Here in business class you can carry up to nine people and their belongings in refined style.

A vehicle for professionals needs to be exceptionally versatile. CITROËN SPACETOURER BUSINESS is available in 3 flexible and spacious versions. M models provide 507 l of boot space, but if you remove the 3rd row seats this increases to 2,281 l and to a cavernous 3,968 l with the 2nd row seats removed. For the ultimate load area, XL models offer up to 4,554 l when all rear seating is removed.

ACCESS ALL AREAS

In CITROËN SPACETOURER you can access city car parks, underground parking, shopping centres and airport facilities without worrying about height restrictions, because it measures a useful 1.9 m from road to roof.

AN EFFORTLESS WELCOME

CITROËN SPACETOURER BUSINESS features large sliding side doors that can be motorised*. For professional drivers and chauffeurs this is a real asset, as it means that passengers don't have to handle the door when getting in and out and everything can be controlled straight from the driving seat. The flexible interior is further enhanced by easy to fold 2nd row seats that allow quick, simple access to the 3rd row.

** Available soon.*

TOUCHSCREEN* CONTROL

CITROËN SPACETOURER offers numerous advanced features that make driving and travelling relaxed, safe and enjoyable. Getting the best from them is easy, thanks to the bright 7 inch colour touchscreen*, that gives you instant control of all important functions such as your media, telephone and satellite navigation. The advanced Mirror Screen function gives you fingertip access to your favourite smartphone apps through the touchscreen, and works seamlessly with Apple CarPlay®, MirrorLink® and Android Auto**. The new voice controlled satellite navigation system, 3D CITROËN Connect Nav, brings you a wealth of information. Meanwhile, 180° 'birds eye' view from the reversing camera as you manoeuvre, and when you get close to unseen obstacles, the system zooms in to show the remaining distance with large scale clarity.

SATELLITE NAVIGATION

180° PARK ASSIST

MIRROR SCREEN

*Available as standard on SPACETOURER FEEL and BUSINESS.

**Available soon.

NEW GENERATION POWER

There are 4 new engines available for CITROËN SPACETOURER, each featuring BlueHDi technology. Advanced and efficient, they greatly reduce nitrogen oxide [NOX] and take CO₂ emissions and fuel consumption lower than ever. In all conditions, the sophisticated suspension design ensures a fine balance of agility and driver comfort, and the all-new modular platform has achieved the maximum Euro NCAP 5 star safety rating.

SAFE AND SOUND

AUTOMATIC DIMMING HEADLIGHTS

When another vehicle is detected at night, this system instantly switches from high beam to dipped. It works from 15 mph upwards.

SPEED LIMIT SIGN RECOGNITION

Recognising speed limits in real time, Speed Limit Sign Recognition uses an on board camera to read signs and send clear recommendations to the driver. Then you simply set the right maximum on the cruise control.

DRIVER ATTENTION ALERT

Using the windscreen-mounted camera and steering wheel movements, Driver Attention Alert can detect driver drowsiness and send both audible and visual alerts.

LANE DEPARTURE WARNING SYSTEM

If lane line markings are crossed without the indicators being used, the windscreen-mounted camera sends audible and visual alerts to the driver, allowing quick and safe corrections.

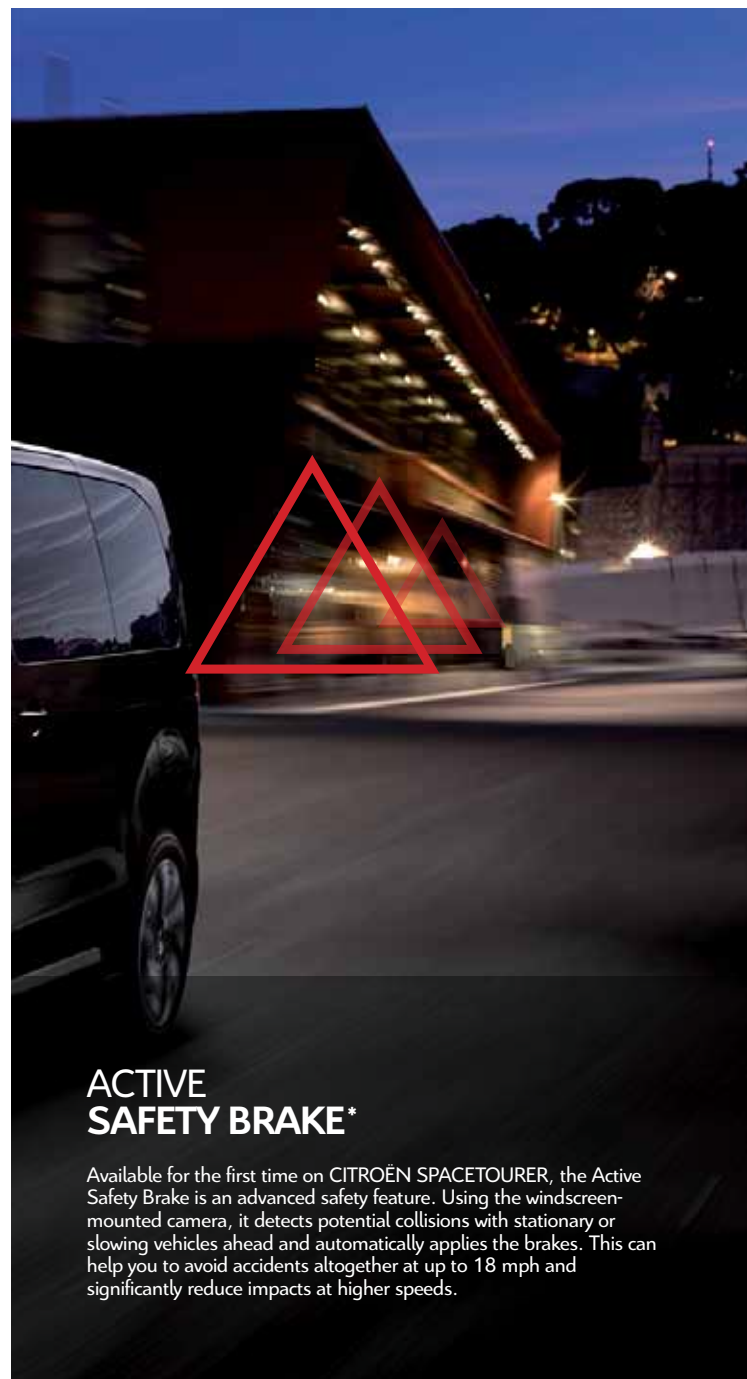

HEAD-UP DISPLAY

Completely new to the segment, Head-up Display allows you to keep your eyes on the road whilst still having access to a range of essential driver information. This includes speed limit, vehicle speed, cruise control settings, navigation settings and collision risk alert.

ADAPTIVE CRUISE CONTROL *

Adaptive Cruise Control enables CITROËN SPACETOURER to adapt its speed to vehicles in front. The technology reduces speed by up to 12.5 mph in unpredictable traffic conditions, such as on busy motorways.

ACTIVE SAFETY BRAKE*

Available for the first time on CITROËN SPACETOURER, the Active Safety Brake is an advanced safety feature. Using the windscreen-mounted camera, it detects potential collisions with stationary or slowing vehicles ahead and automatically applies the brakes. This can help you to avoid accidents altogether at up to 18 mph and significantly reduce impacts at higher speeds.

BLIND SPOT DETECTION

This monitoring technology detects vehicles travelling close behind, hidden by the rear view mirror 'blind spot'. A bright orange warning light is activated in your wing mirror, providing an instant warning.

* Available soon on CITROËN SPACETOURER BUSINESS.

8P

CITROËN SPACETOURER

CITROËN SPACETOURER is available in 3 lengths* and with 5 or 8 seats. With removable and adjustable seats on rails, the interior offers impressive leg room. Foldable seats allow you to easily carry cumbersome belongings, whether for leisure or for moving furniture.

*XL will be available in early 2017.

8P

CITROËN SPACETOURER BUSINESS

Available in 3 lengths* and with 8 or 9 seats, CITROËN SPACETOURER BUSINESS is tailored for professionals. Here is a vehicle with a wealth of thoughtful and useful features that can be customised and configured to meet your exact needs. For private chauffeurs, taxi firms, hotels and more, CITROËN design provides the solution.

9P

A photograph of the interior of a car, specifically the rear passenger area. The seats are upholstered in black leather and are arranged in two rows. The front row of seats is visible, showing the headrests and backrests. The second row of seats is also visible, with the headrests and backrests. The floor is covered in a dark carpet. The dashboard and front seats are visible in the background. The text "ULTRA FLEXIBLE" is overlaid on the left side of the image.

CITROËN CARE

With the added reassurance of a warranty, routine servicing and maintenance, as well as 24-hour roadside assistance, you are protected.

• CITROËN WARRANTY

Every new Citroën car has the benefit of a 3 year* warranty package, plus a 12 year anti-perforation** warranty and a 3 year paint warranty.

• CITROËN ASSISTANCE

In response to a free telephone call in the UK, Citroën Assistance brings rapid expert roadside assistance to you in an emergency. It comes free of charge for a full year and operates 24 hours a day in all parts of the UK and Europe. Services include nationwide recovery for both car and passengers, a home call service, replacement vehicle, hotel accommodation and vehicle storage if required. Please note, Citroën Assistance only applies to incidents covered by the new vehicle warranty, and excludes non-vehicle faults, such as running out of fuel, mis-fuelling, loss of keys, lock-ins, road traffic accidents and punctures/wheel changes. Full details are available on request from Citroën UK via cuk_contactcentre@citroen.com

• CITROËN MAINTENANCE

From roadside assistance to replacing wear and tear parts or regular servicing, with Citroën Maintenance you have total peace of mind. For a one-off fee or low monthly payment, our experienced engineers will take care of your Citroën, whatever happens. To find out more, contact your Citroën Dealer or Citroën Authorised Repairer.

• CITROËN SERVICING

Available up to 1 year from your vehicle's registration date, but before its first chargeable service, a Citroën Servicing Package enables you to pay in advance for your vehicle's servicing needs for 3 years/35,000 miles. For further information, please contact your Citroën Dealer.

• CITROËN MOT TEST

Once your vehicle is three years old, it requires an annual MOT Test. This is a legal requirement to check that it meets road safety and environmental standards. Our nationwide network of Citroën Authorised Repairers know your Citroën best, so if your vehicle's MOT Test is due, why not contact your local Citroën dealer? You can be confident that your vehicle will be looked after by one of our expert trained Citroën Technicians, nominated by VOSA as accredited MOT Testers. Plus, whilst your vehicle is with us, we'll carry out a free outstanding manufacturer diagnostic test, check for any new technical updates and carry them out for free - that's the advantage of getting your test done by the people who really know your Citroën.

** 2 years' unlimited warranty. No-fee customer option of 1 year's Dealer provided warranty, only on cars sourced from Citroën UK Limited. Note: Dealer provided warranty is limited to 60,000 miles for cars.*

*** Against all internal to external perforation to bodywork or underbody.*
